

Wholesale Reminders

1. From time to time the Commission will place a condition on the retail license.
2. Example: A Certain individual is not allowed to be involved in the day to day operation of the licensed business; That includes
 - A. No ordering of alcoholic beverages by this individual.
 - B. Signing checks for payment of the beverages.
 - C. Picking up beverages at the wholesalers dock.

This condition is inserted right on the license that hangs on the retailer's wall. So please remind your pre-sales man to check the license from time especially on a new license.

Keep the three tier system in place when donating product to charitable organizations.

Recommend conducting internal compliance checks to insure drivers are having the retailers sign all retail sales invoices and indicate the means of payment by the retailers.

When running short deliveries, insure there is a load out /load in record created. Whenever you release any product off the floor you must have documentation to support it.

Alert to new faces in the retail premise with no change with the retail license. Please notify commission accordingly.
